The Angler & Young Angler Walleye Championship began in 1998 when Tournament Founder, Andrew Klopak decided he wanted to fish in a competitive style tournament on opening day with his son. Seeing that there were no tournaments that catered to adult and young anglers...he created his own.

The main objective is to introduce and educate young anglers to competitive sport fishing in a fun environment surrounded by family and friends while creating memories that will last a lifetime. Each team in the tournaments consists of one angler and two young anglers, 17 and under. Each event includes official weigh-in, prizes, awards and BBQ to follow a hard day's fishing. The winner of each regional event qualifies for the opportunity to participate in the National Championship.

Iowa's Winner will travel to Kenora, Canada to fish in the International Championship and the chance to win a trip to Walt Disney World!
